INTERNATIONAL FESTIVAL Vendor Booth Electrical Specifications

In order to ensure proper electrical set up for each vendor's booth, we are requiring each vendor to fill out the following information:

Please specify all equipment used for booth. Please name the type of equipment. Please detail the voltage, the amps/wattage and the phase for each time used. Be exact. If you do not request an outlet, you will not receive one.

The requested information is a requirement and is very crucial to proper set up. Electrical wiring will be provided according to the vendor's specifications. Any additional equipment brought to the event cannot be used and requests for additional power and/or outlets at time of event will not be honored. Maximum – 120 voltage outlet for each booth.

Note: The International Festival Committee assumes no responsibility for electrical requirements that have not been received with this agreement.
